Overview

Reene Court is a 16 bed residential service with nursing for older adults of all genders with a functional mental health diagnosis. The service is for those who no longer require inpatient mental health services but who require more care and input than can be provided in supported accommodation. Staff support those who require extra assistance with their daily activities such as washing, dressing and taking medication.

The Model

The service provides a setting which supports individuals to lead a full and valued life. Staff support each person to achieve as much independence as they can. Staff offer the maximum possible choice in activities of daily living and the team embrace diversity and each person's own unique potential.

The service provides a safe environment with dedicated nursing and support staff who work to maintain each person's citizenship and cultural beliefs. All meals are provided, and special dietary requirements are catered for.

Activities and Social Events

There is a comprehensive range of therapies and activities to meet all everyone's need, delivered through bespoke and creative care packages such as personal hobbies, arts, crafts and gardening. Reene Court also offers a varied and engaging calendar of social events including birthday tea parties, singers and special holiday celebrations.

Environment

The service has 16 en-suite rooms, six on the ground floor and ten upstairs. Each bedroom room has its own sitting room. The residents also have access to a communal lounge, dining room, conservatory and garden. Reene Court is easily accessible and has been fitted with a passenger lift.

Location

The service is situated in a central location in the cathedral city of Newport. Black Ash Park is close by, as well as several different local shops and the Church of St. Andrew. The service is just a short drive away from Friars Walk Shopping Centre which is filled with shops and restaurants for people to explore.
